Subject: Re: verizon tower

Sarah and her family and now our family having been coming to MV for over 40 years for 2 months of the summer. The pond has been the primary play area for all of the children and the tower would significantly alter the landscape and natural beauty of the pond that we cherish and always brings us back.

To whom it may concern:

I am writing to state my objection to the new Verizon tower slated for construction on a cove of Tisbury Great Pond. As someone who kayaks there and stays on the pond for a week every summer, I can say that it would seriously interfere with the aesthetics of the pond; and compromise the joy that this beautiful natural area gives to people staying there. We do a lot of kayaking on the pond and the pristine beauty of this natural area is restorative to everyone who is fortunate enough to enjoy it. We look forward to this time at Tisbury Great Pond every summer - and cherish the opportunity to get away from the city, development and the hyper-connected world that we all operate in for most of the year. It would sadden us greatly if the tower were built; and we would strongly advocate for a alternative approach.

Thank you for your consideration,

Sarah Koch
