Re: Stop & Shop, Vineyard Haven, MA

Dear Commission Members,

I'm writing to express my support for Stop & Shop as a responsible corporate citizen. The company is a caring island partner and deeply involved with community issues. Their proposal for a new store in Vineyard Haven will serve the community well, and I urge you to give careful consideration to this project that is needed in Vineyard Haven and will help revitalize the area.

My hope is that the project is approved in time for the new store to open next summer.

Sincerely,

David Nathans
Executive Director
