Dear Sirs,

As a half time Vineyard Haven resident, I really appreciate Stop & Shop's proposal to expand their store, since it's really a pain to go to Edgartown just to have a better Stop & Shop, using extra gas and further increasing the carbon usage by me; the plan, as I understand it, also includes some additional parking which would be a real benefit to the town as well as to the store. Obviously, Vineyard Haven needs more parking, and better access to the commercial area.

While you're at it, you might make the town consider changing Union Street to 2 ways, or doing something else sensible.

I do know that a better Stop & Shop would be an asset to the town and its residents. Assuming they are sincere in their desire to work with the Commission in making the changes, I urge you to grant them the permission they seek, with whatever caveats you feel are necessary to ensure compliance with your requirements.

Thank you for listening,

Sincerely,

Roberta Lee Scott
