**Subject:** round about

Dear Mr Foley, I am writing to you to express my opinion on the proposed Round -About at the blinker. I will start by saying that I have always thought the idea was foolish and a waste of money. I would like to see a traffic light there, they certainly don't cost over a million dollars and are much easier to navigate. (And for those who feel the ambiance will be destroyed, I would point out the numerous McMansions on island) I remember once in the winter months coming up to the blinker and seeing traffic backed up to the high school. Then I realized that the kids just getting out and leaving in their vehicles had to wait in a very long line before proceeding on their way...I wish someone would ask THEM how they feel about a round about. I am also an E.M.T. and am aware that people don't move or seem to be aware of a large vehicle fully loaded with lights and blasting sirens, thus I think folks are going to have a difficult time navigating a round- about. I just don't think people are very aware of their surroundings sometimes,, especially those on vacation. So with not much more to add I would vote no on a Round-About if given the chance at the blinker. Thank you for your time,  
Sincerely, Betsy Macdonald
