Subject: Roundabout

1. I am a West Tisbury voter. I have lived here year round for forty-two years.
2. In a roundabout drivers will be expected to yield.
3. Presently, all drivers must stop at the 4-way stop. This allows for north-south traffic. Before the installation of the 4-way stop, the north-south traffic was very slow or not at all.
4. A roundabout would hamper north-south flow of traffic once again.
5. People from out of state in the summer might not be acquainted with a roundabout.
6. Why should we turn Oak Bluffs into Hyannis?
7. Roundabout or no roundabout, people will still have to wait and there are always those impatient people who can't wait one minute for anything while driving.
8. I am against the roundabout. I believe the bottom line is money and it is being built to line certain pockets.
9. An ambulance will have an easier time now than after the building of a roundabout. An ambulance will have a harder time going southerly.
