To: Alex Elvin <elvin@mvcommission.org>;

Dear Mr. Elvin,

It is with great pride and affection that I submit this letter of support for the over due renovations of Shearer Cottage.

Shearer Cottage is a time honored mainstay of Oak Bluffs and its Afro-American community.

The renovations alone make a powerful statement cementing the rich history that we as a community revere.

I personally have spent time on and off socializing and assisting in parties there.

Bringing Shearer Cottage back to its original glory is a confirmation that solidifies its place on the Marthas Vineyard Historical Society register.

I give my full support to help ensure that this important project be brought to fruition. I implore the Marthas Vineyard Commission to follow through and make this a reality for not only Oak Bluffs but the greater island of Marthas Vineyard as well.

Sincerely,
Diane Gandy
Oak Bluffs, MA
