Edgartown, Ma 02539

From: William Burke

Facilities Manager

Edgartown Wastewater Department

Mr. Rankow,

On June 15<sup>th</sup>, 2023, the regular monthly meeting of the Edgartown Wastewater Commission was held. A motion was made to allow the new Boys and Girls Club facility the right to connect to the Edgartown sewer system with a maximum Title V flow of 5000 gallons per day. The resulting unanimous vote was in approval of allowing such connection. The Edgartown Wastewater Commission will be expecting final plans of the proposed facility for review of Title V flow calculations and issuance of the final connection permit.

Regards,

William G. Burke

Facilities Manager
