Chapter 40B

• Comprehensive Permit to override local zoning and streamline permitting process for projects with affordable units.

• Can be approved in any municipality, but there is less flexibility when less than 10% of housing stock affordable.

• The MVC also has review authority over Chapter 40B Comprehensive Permits, as Development of Regional Impact.

More info? https://www.chapa.org/chapter-40b
• An inventory of affordable housing that counts towards 40B 10% goal.

• Eligible units:
  1. Subsidized by state/federal programs
  2. Affordable to households with low/moderate income
  3. Affirmatively and fairly marketed
  4. Subject to affordability restriction

Housing Production Plan “Must-Haves”

- Needs assessment
- Strategy to achieve 10%+
- Five-year action plan
- Framework for addressing:
  - Affordable housing
  - Affirmative fair marketing
  - Monitoring

The overriding goal is production of Chapter 40B-eligible affordable housing.

However, many HPPs also address other local concerns.
Building upon past work

This document also stems from an understanding that we are all invested in the quality of life of the Vineyard. Whether we live in Aquinnah or Edgartown, work in Oak Bluffs or Tisbury, were raised in Chilmark, West Tisbury or Boston, or summer on or visit the Vineyard, we are part of one Island community and rely on each other for the well-being of our families and ourselves.
Edgartown has 89 SHI units but still has local housing needs greater than 40B goal.

Estimated 245 of 465 low/moderate income households are severely housing cost burdened in Edgartown.
Island-wide indicator of housing need

• Estimated 1,167 (52%) of 2,246 low/moderate income households are severely housing cost burdened on the Island.
• Only 411 SHI units and 99 rental assistance vouchers.
Project Scope of Work

Develop a Housing Production Plan for each municipality on the Island as well as Island-wide.

A plan to develop and preserve housing that is:

a) Affordable for low/moderate-income households

b) Eligible for the Chapter 40B Subsidized Housing Inventory (SHI)

c) Address other housing needs beyond Chapter 40B requirements

Local Housing conditions

• Concerns
  – All extremely low-income renters are cost burdened
  – Almost all low- or moderate-income renters are cost burdened
  – Very high incidence of cost burdened homeowners with low incomes (>90 percent)
  – Cost burden affects over 60 percent of moderate-income homeowners and those with incomes close to the island’s median income
INTRODUCTION TO EXERCISE #4: SMALL GROUP VISIONING DISCUSSIONS
WHAT THE HECK IS VISIONING?

IMAGINE FOR A MOMENT WHAT YOUR COMMUNITY COULD BE AT ITS VERY BEST.
A vision that works

Helps a community to

• Reach for goals above and beyond what is normally expected
• Discover possibilities that were not apparent before
• Motivates people to take action together
A good vision

• Is a stretch, but still in the realm of achievable
• Makes people feel hopeful and optimistic
• Is a way to work with change
A good discussion

1. Listen to others & respect all points of view
2. Adhere to time limits (brevity will be critical)
3. Everyone speaks once before anyone speaks twice
4. Agreement is not necessary
Objective
Work together to discuss housing needs and envision best housing future in your community.

Use of Results
Help the project team to:
• refine needs assessment
• draft a housing vision
• draft housing goals
EXERCISE DESIGN AND SCHEDULE

Three Parts – 15- 25-20 minutes – one hour total

Brief presentations from each discussion leader
THANK YOU!

No matter what people tell you, words and ideas can change the world.
