Jared,

Just confirming the extension on the flow per Alex's email below. Please let me know if I need to submit a request to extend ..... the traffic study which we have been waiting on should be done by end of the week or early next week. They already sent a draft. So that should allow us to move forward to an MVC and Tisbury Planning Board hearing in the coming weeks depending on MVC and Tisbury Planning Board schedule.

Many Thanks,  
Xerxes

Hi Xerxes,

Are there any plans to extend the conditional wastewater approval again before the continued hearing on April 14? This will likely be needed in order for the commission to make a decision.

Alex

The 90 days ends this month, I have not seen an agenda request to extend the 90 days. And our meeting is tomorrow. We had to change hour meeting days to accommodate new members to the committee so Im sure the applicant was not aware. I will reach out to him and ask him to do so before the next months meeting. But he is ok until them. We still have flow available so its not going to effect anything for us at this time.

Thanks,

Jared A. Meader

Thanks. Was that 90 days from Dec. 30?

**Subject:** 4 State Road wastewater approval

Hi Jared,

The MVC is planning to continue its hearing for the Educomp building on March 17, and I wanted to check in with you on the conditional wastewater approval from August. The approval was for 120 days, so it would have expired at the end of the year. You had also sent an email in November confirming that the additional 60 GPD was conditionally approved. Can you confirm whether the 120 days has been extended, and how long, and if that also applies to the 60 GPD?

Thanks,

Alex
