To Whom It May Concern;

I would like to express my grave concerns about the egregious development proposed at the site of the former Educomp building. From what I can garner, the project is not in keeping with the needs, the aesthetics or the character of Vineyard Haven or the Island. The plans suggest that a steer is being shoe- horned into a ballet slipper. The resulting congestion that is bound to develop will serve as a deterrent to business in the area. It might even prove an incentive to AVOID downtown Vineyard Haven.

I could wax long on my incredulity that this proposal has gone so far. However, suffice it to say that I hope my voice will be one among many to ask you to reconsider such a project at that location. The MVC has so often kept a long view when hard choices must be made. I hope this will be another example where your SUPER powers are put to the highest and best use for us all.

Sincerely,

Dawn Elise Evans, Oak Bluffs
