• Clarifications and data for 510 State Road
• Letter from abutter
DRI 618-M5: 90 Dr Fisher Road, West Tisbury
90 Dr. Fisher Rd.
2017 site plan

Sources:
1. Vegetative screening to consist of existing native vegetation with planted white pine saplings, yellow pines, evergreen trees, and evergreen shrubs, as well as planting of amelanchier, dawsonia, and juniperus species. These plantings may be supplemented with other ornamentals.

Boring Lot 1B shown on a plot filed with the Dukes County Registry of Deeds at Book 300 Page 507.

This lot is in the light industrial zoning district.

A portion of this lot is in the Dr. Fisher Road SuDCO.

West Tisbury, Mass.

May 24, 2017

Scale: 1 inch = 20 feet
Project history: 90 Dr. Fisher Road

**DRI 618-M (2010):** Construction of a 9,600 ft² (footprint) building at 90 Dr. Fisher Road for Big Sky Tents.

**DRI 618-M2 (2017):** To allow for medical marijuana cultivation in the building, which was not yet constructed.

**DRI 618-M3 (2019):** To allow for adult-use cultivation, increase employees, and add vegetation space.

**DRI 618-M4 (2021):** To allow for temporary storage units on the property.
Proposal: 90 Dr. Fisher Road

Background:
• According to the applicant, state regulations have changed since 2020 so that marijuana cultivated under a medical license may be produced and sold for either medical or adult-use.
• However, the current MVC approval allows for only 1,000 ft² of medical-use canopy (crop area) and 2,000 ft² of adult-use canopy, which creates logistical issues because the state still requires those uses to be kept separate.

Proposal:
• Increase the allocated medical-use canopy to 3,000 ft², which would eliminate the need for two systems (medical and adult-use) at the cultivation and production stage, and improve efficiency.
• The applicant would then grow the entire crop under an existing medical-use license, for both medical and adult-use sales.
• There would be no net increase in cultivation area.
DRI 696-M – 510 State Road
DRI 696-M: 510 State Road, West Tisbury
Project history: 510 State Road

**DRI 696 (2020):** To allow recreational sales at an existing registered marijuana facility at 510 State Road.

The applicant at the time was Patient Centric of Martha’s Vineyard, which later sold the facility and state Cannabis Control Commission licenses to Fine Fettle Dispensary (FFD), which also acquired the cultivation facility at 90 Dr. Fisher Road. The dispensary at 510 State Road began operations in July 2021.
Proposal: 510 State Road

Modification of the following conditions:

1.1 As offered by the Applicant, there shall be no walk-in sales. All sales are to be made by appointment only. DELETE

1.2 As offered by the Applicant, the hours of operation shall be limited to no more than 10AM to 6PM (7PM Daylight Savings Time) Sunday through Thursday; and 10AM to 7PM (8PM Daylight Savings Time) on Friday and Saturday.

CHANGE TO: From Labor Day through Memorial Day [end of May – beginning of Sept.], Monday through Saturday 9AM to 6PM; from the day after Memorial Day through the day before Labor Day, Monday through Saturday 9AM to 7PM and Sunday 12PM to 6PM.

1.3 As offered by the Applicant, there shall be no more than five appointments per fifteen-minute period, with an additional sixth appointment reserved for express orders. DELETE

2.1 As offered by the Applicant, for at least the first three months of operation (and possibly longer, as determined by the Town of West Tisbury), PCMV shall employ two parking attendants to allow for the safe and efficient flow of traffic. The Applicant shall, at all times, engage at least one parking attendant to monitor parking and traffic on the site and to ensure that no unauthorized use of the adjacent premises by patrons of the Applicant’s business [occurs]. DELETE

2.3 Subject to the West Tisbury zoning bylaws, the Applicant shall install a sign at the entrance to the premises saying, among other things, that sales are by appointment only, no walk-ins. All advertising and media must include this notice as well, provided that such media may note that sales may be made online for delivery or for express-line pickup (subject to an appointment for pickup). DELETE
Planning concerns

Economic development
Traffic and transportation
Economic development

• The applicant has stated that existing conditions 1.1 and 1.3-2.3 have created an unnecessary burden for customers, patients, and staff in terms of scheduling, navigating the reservation system, and restricting visits to 15 minutes.

• The applicant also notes that the town has allowed the separate Island Time dispensary on Mechanic Street to shift from appointment-only to walk-ins.

• The applicant has stated that the modifications are intended to improve efficiency and eliminate logistical issues and are not expected to lead to any increase in customers or employees.
Traffic and transportation (510 State Road)

The applicant has provided the following data from the first nine months of operations at 510 State Road (transactions generally correspond to the number of vehicle trips):

**Summer**
- Peak day: 111 transactions (110 recreational, 1 medical)
- Peak hour: 25 transactions (11AM-12PM)

**Off-season**
- Peak day: 37 transactions (30 recreational, 7 medical)
- Peak Hour: 11 transactions (4-5PM)

**Average daily customers**
- 32.4 (27.7 recreational, 4.7 medical)
Traffic and transportation (510 State Road)

From 2020 MVC traffic staff report:

• Traffic volumes were collected over a seven-day period on State Road south of Indian Hill Road in August 2017, and a MassDOT growth rate was applied to account for Covid.

• The 5-day (Mon-Fri) average daily traffic was roughly \textbf{10,353} vehicles per day, while the 7-day (Mon-Sun) average daily traffic was roughly \textbf{10,205} vehicles per day.

\textit{Trip generation estimates based the Institute of Transportation Engineers (ITE) Land Use Code 882 – Medical Dispensary in 2020 were much higher than observed customer visits at 510 State Road. (About 350 vs. 32 daily trips.)}

\textit{Observed daily trips at a dispensary in Lynn in 2019 were also much higher than observed customer visits at 510 State Road since July 2021. (About 120 vs. 32 daily trips.)}

Current conditions:

\textit{Peak-day (opening day) traffic at 510 State Road, based on customer data, would amount to 1\% of average daily traffic (Mon-Sun) based on the 2017 counts.}

\textit{Average daily traffic at 510 State Road would amount to 0.3 \% of average daily traffic based on 2017 counts.}
Traffic and transportation (510 State Road)

- The applicant has stated that the parking at 510 State Road spots (22 paces shown on site plan) have been ample, including in the summer, and that all 22 spots have never been used at one time.

- Parking attendants have been employed as required by condition 2.1, along with the installation of a stop bar and stop sign (condition 2.4) and striping for the in and out lanes (condition 2.5).

- The West Tisbury Policy Chief has stated that there have been no issues with the dispensary since it opened, including in regard to traffic. (The Tisbury Police Chief has also stated that there have been no traffic issues with Island Time.)

- Based on sales data for 2021, parking space would not be an issue.

- Applicant has offered to pay for a sign on the neighboring property saying, “Tea Lane Associates Parking Only.”
