

GIS Product Fees

Effective Date December 2, 2014

The Martha's Vineyard Commission offers map printing services, custom cartographic production, and digital data distribution.

Cartographic production and compilations of existing GIS data for Town boards, departments, and commissions are free of charge.

The following fees apply to all people who are *not* associated with a Town board, department, or commission.

Martha's Vineyard non-profit conservation agencies receive a 25% reduction on all fees listed below, including hourly fees for custom cartographic production. However, digital data compilations are free of charge to these agencies.

Printing of pre-existing Maps

(No matting service is available)

A-Size (8.5"x11")	\$10.00
B-Size (11"x17")	\$15.00
C-Size (17"x22")	\$25.00
D-Size (22"x34")	\$30.00
E-Size (34"x44")	\$35.00

Custom Maps

In addition to the printing fees stated above (for pre-existing maps), there will be an additional charge of \$65.00/hour for each hour necessary to create the custom map.

Digital GIS Data

There is a charge of \$65.00/hour for compiling requested existing digital GIS data onto CD. Shipping fees and electronic medium costs are additional. All digital data files will contain a corresponding metadata document.

All GIS data stored by the MVC are in the Stateplane, Mass Mainland, NAD83, meters coordinate system and are in either shapefile or ArcInfo coverage format.

Conversion of GIS files into a different coordinate system or format is not available.

Use of Data

Data provided by the MVC, in either paper or digital format, are for planning purposes only. The data are not adequate for boundary determination or regulatory interpretation. The MVC cannot be responsible for how the data it provides are used or interpreted by the end user.
