Subject: 4 State Road wastewater approval

Hi Jared,

The MVC is planning to continue its hearing for the Educomp building on March 17, and I wanted to check in with you on the conditional wastewater approval from August. The approval was for 120 days, so it would have expired at the end of the year. You had also sent an email in November confirming that the additional 60 GPD was conditionally approved. Can you confirm whether the 120 days has been extended, and how long, and if that also applies to the 60 GPD?

Thanks,

Alex
