I request that the Martha's Vineyard Commission (MVC) require an updated Master Plan representing the changes that have been made, what projects still have valid building permits since the Master Plan of 2008, and what their future plans are for the Harbor View Hotel,

Since I, personally, was involved with the 2008 Master Plan, I am totally confused as to what they have done, and what they have eliminated from the plan of 2008.

Again, I hope that the MVC will require a New Master Plan before any further changes are approved or decisions made.

Thank you for your consideration, Joseph E. Smith, Jr. 1 Ox Pond Meadow, Edgartown
