To: Alex Elvin <elvin@mvcommission.org>; morrission@mvcommission.org <morrission@mvcommission.org>;

Regarding the Hob Knob INN expansion project, the idea of buying 124 Main Street and turning that into a large hotel is way out of scale for this small residential district. Turning a 6 bedroom home into a 20 bedroom plus property with a parking lot is not in keeping with the neighborhood.

I would suggest you break this proposal into 2 parts, which in fact has been submitted that way. Approve 128 Main Street and deny 124 Main street. This in fact helps to preserve the residential district and also allows the owner to take a chance on improving his business.

Stay safe,

Laura Meier
