To: Alex Elvin <elvin@mvcommission.org>;

Wastewater Commission Chair email:

Dear Adam and Commission Members:

The project at 112 Dukes County Avenue was presented before the Oak Bluffs Wastewater Commissioners yesterday afternoon for approval of flow. The project consisted what was considered one retail use on the first floor (office, conference room,...) and a one bedroom apartment and the second floor consisted of a two bedroom apartment and screened in porch for a total of three bedrooms and one retail space. The Commissioners did not allow flow for the project as presented but did have consensus that a revised project with three bedrooms in total OR two bedrooms and up to two office type retail spaces would be approved. The applicant said he was going to revise his plans accordingly and return before the Commissioners.

The Board also said that there would likely be a deed restriction imposed on the project if approved. I hope this provides some guidance for you. If you have any questions, please call or e-mail the office.

Thank you,

Gail Barmakian

Thank you,
Patrick Hickey

Subject: Dropbox link for WW commission meeting

Hi Patrick,

Here is a link to my Dropbox, which should be able to handle the video of the WW commission meeting yesterday. Let me know if this doesn't work and I can stop by with a thumbdrive.

<https://www.dropbox.com/request/DWZiKqtOWtveoJu1QDHF>

Thanks,

Alex
