NOTE: Town Water Service Areas are parcel based on linking the water department billing records with the parcel boundaries. However, the Town of Tisbury is an exception. The Tisbury water service area shown is a generalized boundary.

Per MassGIS Metadata:
A Zone IIa wellhead protection area that has been determined to be hydrogeologically modeled and approved by the Department of Environmental Protection (DEP) Drinking Water Program (DWP) in cases where hydrogeologic modeling studies have not been performed and there is no approved Zone I, a Kronvin Wellhead Protection Area (WPA) is established based on DEP DWP well-pumping rates or default values.
