Pedestrian & Vehicular Improvements

1. Remove 75 head-in parking spaces along Sanderson Road
2. Construct new dedicated parking area with 82 spaces east of the existing track & field.
3. Create a pedestrian corridor running north & south parallel to Sanderson Road.
4. Provide a physical separation between the roadway and pedestrian corridor.
5. Provide crosswalks at appropriate locations
6. Provide ADA (Handicapped Access) compliance throughout campus.
