I am writing to oppose the Harbor View Hotel's expansion plan. The modifications will have a detrimental lasting impact on the surrounding R-5 residential neighborhood. I ask you to protect the quaint charming village of Edgartown, and vote no on this expansion.

I see similarities between this project and the proposed expansion at the Hob Knob Hotel. Both projects would result in a business encroaching upon an R-5 residential neighborhood, increasing traffic, noise, and negatively impacting residents' quality of life.
