Alex

This letter is to support the Van Allen family for their proposed project at 4 Morgan Avenue in Oak Bluffs, known as The Inn at Shearer Cottage. I visited with Eric Van Allen last week and reviewed he was kind enough to share his proposed plans for the existing Inn. It appears that the plan is well thought out, beautifully designed and will be able to retain the historical character that has made the Shearer Cottage a destination on the Vineyard for 4 generations. As a fellow hotelier on the island we support his efforts to save the family business and restore the Inn to its former glory and wish him and his family nothing but success.

Regards,

Matthew V. Moore  
General Manager
