Dear Martha's Vineyard Commission:

I have been a resident of M.V. for 24 years and have witnessed many changes; some good and some bad.

I have become aware of the Navigator Home model and am very impressed by the concept and design.

My first hand experience with elderly care on M.V. happened in 2008. My mother who was 94 and living in a retirement community in Florida started to have declining health and was put into a nursing home. As an only child, I worked very hard to move her to M.V. and Windemore.

At that time Windemore was a wonderful place. My mother had a private room (of which there were 14 on the 1<sup>st</sup> floor), her own porch and a wonderful life. The activities every day were always well planned; the car ride, great speaker, etc. The care she received and the friendships kept her alive and happy until she passed away at 104... RIP, Barbara Corrigan.

As I am in my 80's, I would like to imagine a future, if needed outside my home, to be in a Navigator Home.

Sincerely,  
Judy Cunniffe
