Dear Commissioners,

As an Oak Bluffs native (born and raised on Nashawena Park), one of my favorite views of Oak Bluffs is the approach to the harbor. I have learned that you are meeting to discuss a catastrophic change to that area and hope that you will take pause to conduct a thorough and careful review of this project. I am horrified to learn that the beach will potentially be eliminated and my lovely view will be replaced by a steel bulkhead. Awful. Please, please, please do not rubber stamp this project.
Thanks for listening.
