Members of the MV Commission:

This letter is to voice our objection to the enormous and ridiculous modifications proposed by the Harbor View Hotel. Their plans go against everything we stand for in Edgartown and we who live here do not want our town to become a tourist trap for the rich and famous.

Peter and I, residents since 1980, have watched McMansions grow up all around us and feel it is very sad for our town.

Please, we respectfully ask that you reject the proposed expansion by the Harbor View ownership group.

Thank you for your consideration.

Sincerely,

Kathie Weisman
