# **WASTEWATER MANAGEMENT SOLUTIONS FOR MARTHA'S VINEYARD**

**Mike Giggey**, Wright-Pierce, Teal Ltd.

MVC offices, Olde Stone Building  
Oak Bluffs  
(bring bag lunch)

Mike Giggey will present highlights of the recently completed wastewater management plan for Cape Cod, describing existing wastewater treatment and recommending solutions. This should be of great interest for those interested in looking into developing such a plan for Martha's Vineyard.

The full Cape plan may be found on the Cape Cod Commission's website:

[http://www.capecodcommission.org/water/WastewaterTools Report/](http://www.capecodcommission.org/water/WastewaterToolsReport/)
