Dear Mr. Banks:

Pursuant to your request regarding Vineyard Golf Club and its compliance with the terms set forth in the original Martha's Vineyard Commission decision regarding the development dated July 8, 1999. The letter serves to validate Vineyard Golf Clubs compliance and adherence to conditions set forth within page 5, item 1, sections B & C:

B. That the golf course shall be strictly organic course, with the term organic being defined as "derived from plant materials or biological organisms or mined from natural deposits"; and further

C. That the applicant shall develop an organic management plan and that said management plan shall be submitted to the full Martha's Vineyard for consideration and approval.

Please let me know if you have any questions or need additional information.

Sincerely,
