Alex Elvin
Coordinator, Development of Regional Impact (DRI)

Dear Mr. Elvin,

This note is to indicate my encouragement for the approval by the Commission of the proposed renovation of Shearer Cottage. As you well know, Shearer Cottage has been a mainstay in Oak Bluffs for many years, providing summer housing for people who in years past had little other place to be accommodated. In the more recent past, Shearer has continued to provide affordable and pleasant lodging for many and all.

I have been a summer resident of Oak Bluffs for over 70 years and a neighbor of Shearer Cottage for most of those years. My whole family appreciates the presence of Shearer in the neighborhood and welcomes a tasteful renovation to the property.

Yours truly, Richard Bayne
