MVC Members,

Below find and email that was sent to Lucy Morrison this morning, I know she is out of the office and did not see forward set up. There seems to have been a wrongfully identified spill, that was reported in a news letter to the entire Lagoon Pond Association membership and subsequently forwarded to the MVC on 8/11 and then added to our MVC project website.

I would like to ensure that this record is properly updated and publicly announced, as its been part of the public record now for a few weeks and was only corrected today, and I am confident not everyone that has read this has been properly brought up to speed.

Thank you.

Sincerely,

Chris Scott

General Manager

Safe Harbor Vineyard Haven and Edgartown

Subject: [External] Safe Harbors

Good morning Lucy. In regard to the Safe Harbors DRI, the MVC may have been in receipt of an email I sent to the Lagoon Pond Association members on August 11, 2022. In it I described a "spill" of fuel at Safe Harbors the week prior. I was in error when I wrote that as I have now been informed the spill was actually in Vineyard Haven harbor. I wish to correct that error and I apologize for my misunderstanding. I am also sending a correction to the LPA members. Please inform whatever MVC staff would be relevant of this correction.

Thank you.

Sherry Countryman
President, Lagoon Pond Association
