Regarding: DRI#751 Vineyard Montessori School Expansion

Letter of Support

To Whom it May Concern,

The need for quality childcare services on Martha's Vineyard is paramount for parents who juggle work responsibilities while ensuring their children receive the best education possible. The proposed expansion would not only provide additional space for classrooms and facilities but also offer an opportunity to enhance the existing childcare and educational services. This would benefit working parents by providing a safe and nurturing environment for their children while they focus on our professional commitments.

The need for early childhood care on Martha's Vineyard is overwhelming and waitlists are years long.

The Vineyard Montessori School is committed to helping the community prosper. The additional space

this new building would provide is imperative to keeping essential workers on the island.

Sincerely,

Julia Santos
