Dear Martha's Vineyard Commission Members,

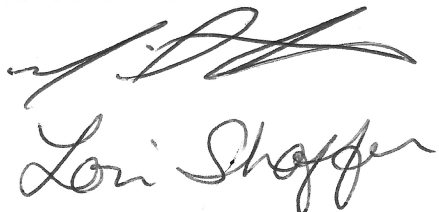

We are the owners of the above referenced project and are proposing an addition to the original house to replace an existing addition to the original structure. The existing addition we are proposing to demolish is a single story shed roof structure that leaks and is in poor condition. We propose replacing the demolished addition with a two-story wood frame addition.

This letter authorizes George Crawford, Crawford Design Associates, and Chris Priore, Bay State Leisure Homes, to act on our behalf, as our agents, for the purpose of applying for the Determination of Applicability and for presenting the project to the Martha's Vineyard Commission and its review Boards and Sub-committees.

Thank you.

Sincerely,

Michael and Lori Shaffer
