

Notes:

- All lighting will be tied to the condominium house meter and wired to come on at dusk and go off at 11 pm, except all lights noted in red will be on from dawn until dusk.
- All eave mounted up lights will be mounted to prevent any light escaping outside the perimeter of the eaves.
- All fence mounted down lights will be mounted as high as practicable to prevent tampering.
- The intensity of all porch and garages to be set by dimmer.
