Subject: Error in PHA Stillpoint Letter dated January 19
Date: Wednesday, January 25, 2023 11:11:18 AM

Dear Alex,

It was brought to my attention that in our letter dated January 19 under Draft condition 1 - The statement "The PHA rarely has events that exceed 60 people"

should of read **60 cars**.

This error is mine, and I apologize for the confusion this may have caused to both the applicants and the DRI review.

If you could place this in the public record I would appreciate it,

Thank you,

Tim
