My Dear Commissioners

As an islander who has a a problem with walking long distances and who has three young grandsons, who love fishing, it would be wonderful to have a fishing pier in Oak Bluffs. The location is excellent and it really is somewhat separated by the wide road and the embankment from the neighbors who feel that they might be bothered by the project. It really should not present any significant problems for them.

Furthermore, it should be of considerable benefit to the town of Oak Bluffs which has a considerable number of summer residents within easy walking distance to the pier. This is a great opportunity that will be paying dividends to the islanders for many years to come.

I respectfully ask you to approve this project.

Sincerely

Michael Colaneri
