Subject: DRI628

I would like to add my voice of support for DRI 628, the application for a fishing pier in Oak Bluffs, Martha's Vineyard. I support the project as is, without any reservations. The location has been researched as an appropriate place for the pier, as well as for the presence of fish. I hope this will be approved for all our fishermen, and for the youngsters who would profit from learning the joy of fishing.
