## Effective Flood Boundaries Tisbury, MA

These flood boundaries are the most recent delineations adopted by the Town in 2016.  
FEMA regards these data as 'effective' as of July 2016.

### NOTES:

The 100 year & 500 year flood areas represent a subset of the data available on the paper Flood Insurance Rate Maps -FIRM as provided by the Federal Emergency Management Agency (FEMA). These data were developed by FEMA to support floodplain management and planning activities but do not replace the official paper FIRMs. These data are not suitable for engineering applications or site work nor can the data be used to determine absolute delineations of flood boundaries. Instead the data should be used to portray zones of uncertainty and possible risks associated with flooding. These data do not replace the paper FIRMs which remain the official documents.

-  Land
-  Parcel Boundary
- Flood Zones**
-  100 Year (VE Zone)
-  100 Year (AE Zone)
-  500 Year Zone

**DISCLAIMER:**  
Data provided are for planning purposes only. The data are not adequate for boundary determination or regulatory interpretation. The MVC cannot be responsible for how these data are used or interpreted by the end user.
